## WARRANTY POLICY

The following warranty information applies to products produced by i-Lighting for indoor use only, unless otherwise noted.

i-Lighting Inc. warrants to the owner each new lighting product against defects in material and workmanship for a period described in the chart below. During the warranty period, i-Lighting Inc. will repair or replace, at our discretion, any part found to be defective. Your remedy is limited solely to the replacement or repair of defective parts. All warranties are valid for products produced after January 1, 2019. Warranty claims for products produced prior to the date will be made on a case-by-case basis.

This warranty does not apply to products, including lamps, not manufactured by i-Lighting Inc. when used in conjunction with i-Lighting Inc. products, or where equipment is used, or installation is performed, in any manner contrary to i-Lighting Inc.'s specifications or instructions, nor where equipment is altered or modified. i-Lighting Inc. assumes no responsibility for the improper installation of its products.

i-Lighting Inc. is not liable for indirect, incidental, or consequential damages in connection with the use of equipment including, but not limited to: plants, plant life or foliage loss; the cost of substitute equipment or services required during malfunction; property damage or personal injury resulting from installer(s) actions, whether negligent or otherwise. Warranty is void on damages due to Acts of God.

All implied warranties, including those of merchantability and fitness of use, are limited to the duration of this express warranty. Any LED light or fixture that is installed at an excessive voltage will void the warranty. The LED Lamps must be installed in conjunction with an i-Lighting Inc.-approved power supply or transformer by i-Lighting Inc. The use of i-Lighting Inc.'s LED lamps without an approved power supply or transformer or at voltages higher than the preferred specs will void the warranty.

In order to have a valid warranty, a registration form must be completed and submitted back to i-Lighting Inc. within 30 days from the date of purchase. The warranty registration form can be found on our website at [www.ilightingled.com](http://www.ilightingled.com). The warranty form must be fully completed; incomplete warranty forms will not be honored.

A product is covered during the warranty period if it is returned to i-Lighting Inc., freight prepaid. Our factory will inspect the product to determine whether it is defective pursuant to the terms of the warranty. All products must have an RGA form (returned goods authorization) completed by the customer and sent to i-Lighting Inc. for approval. Once approved, an RGA number will be issued. No returns will be accepted without the RGA number. i-Lighting Inc. does not compensate for any labor, diagnosis, repair, replacement, shipping fees or transportation.

**PLEASE CONTACT US AT THE NUMBERS LISTED ABOVE FOR ANY QUESTIONS.**
